CREMATED HIMSELF.

Insane Farmer Shut Himself Up in His Barn and Set Fire to It. REPUBLIC SPECIAL.

Palmyra, Mo., Aug. 6.-E. R. Allen, a wellknown farmer, living in the northwestern part of the county, was burned to death in his barn this afternoon. Allen was subject to temporary spells of mental aberration and on one occasion had hung himself, but was discovered and cut down by his son before life was extinct.

This afternoon shortly after dinner his wife discovered that he had set the house on fire. With great effort she was enabled to extinguish the flames, but while she was engaged in this work her husband ran out to the barnyard, and, after driving some horses and sheep into the barn, entered himself and closed the door behind him.

Soon smoke was seen issuing from it and discovered and cut down by his son

some horses and sheep into the door behind him.

Soon smoke was seen issuing from it and a few minutes later the entire building was a mass of flames. The barn was filled with hay and oats, and while a number of neighbors quickly responded to Mrs. Allen's cries, it burned like tinder and nothing could be done to save it.

Allen made no effort to get out of the building and was completely cremated, as were also the horses and sheep. It was were also the horses and sheep. It was outbuildings. As Allen was undoubtedly insane, an inquest is not deemed necessary.

Katy's New Freight Route.

Chattanooga, Tenn., Aug. 6.—Chattanooga candidates: Representative, Clarence M. Kendrick; Sheriff, R. J. Dail; Prosecuting and the sourit, Kansas and Texas Railroad has just completed a forty-mile link between Shreveport, La., and Jefferson, Tex., giving district and that part of the Lone Star State. Announcement is made that the new route is open for business now. The traffic vigility affairs. W. W. Rucker was indorsed as Great Southern from here. This gives the State Senator.

RAILROAD NEWS FROM ALL POINTS.

St. Louis Shippers and Texas Merchants Want Mixed-Car Produce Classification.

PETITION TO THAT EFFECT.

It Will Be Presented To-Day to Members of Southwestern Freight Committee-New Extensions-Notes.

A petition has been drawn up by a committee representing the produce shippers of St. Louis and nearly 400 merchants of Texas, asking for an adoption by all Southwestern lines, of the mixed-car produce classification. At a recent meeting of the Southwestern Freight Committee it was virtually agreed to put this classification into effect, but one of the lines, it is said, has given notice of withdrawing its sanction, and both local shippers and Texas consignors are afraid other lines may take the same action.

An open letter, giving notice of the petition, has been addressed to the freight traffic representatives of all the Southwest-

tion, has been addressed to the freight traffic representatives of all the Southwestern lines. The following extracts are taken from the letter:

"The merits and benefits to the railroad companies, the great majority of Fexas merchants, and the shippers of this section, to be derived from this classification are already well known, but as your company has become a party to this classification in good faith, and the produce shippers of this section have, in the same good faith, gone to heavy expense and made binding contracts to take care of this business, we think we are justified in demanding that this mixed-car classification be given a fair trial if only for the months of August, September and October, and instead of 200 rears of produce being shipped during the contracts of the following the first produce shippers and october, and instead of 200 rears of produce being shipped during the contracts to take care of this business, we think we are justified in demanding that this mixed-car classification be given a fair trial if only for the months of August, September and October, and instead of 200 rears of produce being shipped during the first produce and the first produce and the first produce the first produce and the first produce and the first produce the first produce and the first produce a think we are justified in demanding that this mixed-car classification be given a fair trial if only for the months of August, September and October, and instead of 200 or 300 cars of produce being shipped during these hot weather months, as the past two

these hot weather months, as the past two years' record will show you, you will find that there will move from this section nearer 2,000 cars.

"This movement during the months of August, September and October will in no wise affect the movement of straight cars of polatoes and apples from other sections, as their crops will not have matured and the weather would be too hot for the great majority of Texas merchants to buy anything except mixed cars.

the great majority of Texas merchants to buy anything except mixed cars.

"Now, as the cancellation of this mixed-car classification would work a great hardship on us, inasmuch as we have expended money and time in making preparations for the handling of same, we, the committee, are authorized by the produce shippers of this section to say that the shippers will not, and cannot, patronize with any business whatsoever any railroad that withdraws from this classification.

"In addition to this, we give you herewith attached, names of nearly 469 merchants of Texas, representing millions of dollars and hundreds of thousands of people who buy these mixed carloads, from one end of the State to the other, who have signed a petition stating that they are desirous and anxious that this classification be retained."

The letter is signed by the Jones-Pope Produce Company and L. Garvey & Co. as the committee. as the committee.

The petition with the 400 signatures attached will be presented by the committee this morning to the members of the Southwestern Freight Committee at their meting in the Fullerton building.

NEW OKLAHOMA LINE.

Parties Interested in Building It Confer With St. Louis Merchants. E. L. Peckham of Blackwell, Ok.; W. C. Robinson, president of the First National Bank of Winfield, Kas., and Amaga Thornton, a New York capitalist, who are engaged in building a railroad from Blackwell to Enid, Ok., a distance of about forty-eight miles, were in the city yesterday. They called at the Merchants' Exchange and in the afternoon held a conference with President Whitelaw of the exchange, and Former Governor Francis in the latter's office.

The visitors explained that the new road pneumonia.

Annie Eiler, 10 months, No. 818½ Wash; enterocitits.

John Brady, 27 years, Marine Hospital; tuberdie of lung.

Emily La Shaunee, 8 months, No. 1236 North Tenth; diarrhoea.

Violet Hecker, 2 menths, No. 1236 North Tenth; maraemus.

John Popalow, 8 months, No. 1236 North Nine
The visitors explained that the new road is in the territory tributary to St. Louis and districts of the Southwest, and when completed will give a direct outlet to St. Louis for the products of this territory.

Mr. Peckham constructed the rallroad which was recently built from Arkansas City to Blackwell, but the latter road when complete the strain of the southwest, and when complete the products of the southwest, and the products of the south

western Railway. B. & O. SHOPS AT PANA.

Satisfactory Settlement Reached by Township and Railroad Officials.

REPUBLIC SPECIAL. Pana, Ill., Aug. 6.-The long-drawn controversy between the township officers and the officers of the Baltimore and Ohio over the possession of the shops and grounds have at last been adjusted to the entire sat-Isfaction of the township authorities. For a long time the Baltimore and Ohio people insisted upon retaining all the ground beinsisted upon retaining all the ground be-tween their right-of-way and that of the Eig Four, but the township officers disputed this right to so much land, and for months the fight was kept up, neither side showing

any disposition to accept the other's propo-sition.

Finally, Supervisor Morgan was instructed to commence a suit in ouster and this move-ment seems to have been the means of bringing the railroad people to terms. This bringing the rallroad people to terms. This morning J. W. Kitcheil, attorney for the township, received a telegram informing him that the Baitimore and Ohio officials had accepted his last proposition, granting the rallroad company the ground covered by their tracks, which is a strip ranging from 50 to 160 feed wide, and the city is to have possession of the buildings. Several manufacturing firms are after them. There is great enthusiasm here over the settlement.

SANTA FE GRADES.

Nearly Four Million Dollars Spent in Changing Them.

REPUBLIC SPECIAL Fort Worth, Tex., Aug. 6.-Charles J. L. Lantry of the firm of B. Lantry & Sons is in the city to-day. This firm has been engaged for more than a year past in making improvements on the line of the Santa Fe south of Temple. The company has spent about \$2,00,000 in cutting down the grades of the road and moving the right-of-way, in some instances the new roadbed being half a mile from the location of the old one. The work has been about completed. half a mile from the location of the old one. The work has been about completed. When the Santa Fe began the work of cutting its grades the business of the line was mainly southbound, and the south-bound grades were cut. It now develops that the company is doing a very heavy northbound business and next year the grades will be lowered on the northbound. This will make nearly \$4,000,000 spent in

ARKANSAS AND CHOCTAW. Will Extend Its Line From Texarkana to Atoka, I. T.

REPUBLIC SPECIAL of the Arkansas and Choctaw Railroad, the lines, whose headquarters are in Kansas City, have secured the co-operation of Eastern capitalists in the extension of their road from this point to Atoka, I. T., where connections will be effected with the Missouri, Kansas and Texas. There is already thirty-five miles of track laid north from ty-five miles of track laid north from Ashdown, Ark., and the trains reach Tex-arkana to the south over the Kansas City Southern. Regular passenger service will soon be established on the road and a schedule of train drawn. The Arkansas and Choctaw began at this place about six years ago as a log road.

Missouri, Kansas and Texas the same interest in Chattanooga territory that it has in St. Louis and other places where it has connections. The company has located its representative, F. S. Fife, in Atlanta, in charge of this territory, and when in Chattanooga Thursday he stated that his plan will be to load through solid cars from Chattanooga with package freight for Dallas and Fort Worth, which will be made distributing points for the State of Texas.

Telephone vs. Telegraph.

Telephone vs. Telegraph.

M. Javary, engineer for the French Northern Railway, will present the following to the International Railway Congress at Paris, relative to the transmission of railway messages by telegraph:

"Provided that very simple precautions in the transmission and registration of messages are taken, the telephone affords at least an equal guarantee of safety to that of the telegraph in the exchange of messages peculiar to railway working, that is to say, messages affecting the safety of running the trains.

"Its advantages or disadvantages as compared with the telegraph, in convenience and economy, depend upon conditions which are peculiar not only to each railway, but even to each branch, for they depend, not only on the magnitude of the traffic, but on the existing telegraph, electric light and electric power mains."

If the resolution is adopted, it will give the telephone systems quite a boom.

President Hill's Crop Estimate.

James J. Hill estimates the present wheat crop at between 100,000,000 and 110,000,000 bushels for the States of Minnesota and North and South Dakota. Mr. Hill gave out these figures in Doluth. He said: "While this may at first glance seem like a severe blow to the farming interests, and is a setback in fact, the results of the short crop will not by any means be such a hardship as might be supposed. The reason for this is that a majority of the farmers of the Northwest have gone in for diversified farming in recent years. A large number have gone into stock raising as well as wheat raising, and they will appreciate the wisdom of that course every year that the wheat does not turn out well. A short wheat crop is less of a blow to the farmers now than it would have been a few years ago." President Hill's Crop Estimate.

Funeral of L. D. Mitchell.

Peoria and St. Louis Election. Springfield, Ill., Aug. 6.—The stockholders of the Peoria and St. Louis Raliroad, of which Dwight L. Wing, formerly president of the St. Louis and Chicago Raliroad, is the promoter, met in this city to-day and elected the following directors:

Nathaniel M. Jones, Aaron B. Mead, William D. Marsh and William Spooner of Chicago, Turney English of Springfield, T. C. Delavan and Edward B. Patch of New York. The Board of Directors elected the follow-ing officers: President, Nathaniel M. Jones of Chicago; secretary, William Spooner of Chicago.

Appointed Chief Engineer.

REPUBLIC SPECIAL.

St. Joseph, Mo., Aug. 6.—G. P. Smith, chief engineer of the St. Joseph and Grand Island Raiiroad, has been succeeded by H. Fernstein, chief engineer of the Chicago Great Western Raiiroad, Mr. Smith's resignation follows that of the general manager, superintendent, general master mechanic and a half dozen other officials, who lost their heads in a general shaking up on the Grand Island.

Frisco Contract Let. REPUBLIC SPECIAL REPUBLIC SPECIAL
Claremore, I. T., Aug. 6.—The Frisco has
let the contract for rock-bullasting its
track from Pierce City, Mo., to Oklahoma

City, Ok., and the Sapulpa extension from Sapulpa south to Sherman, Tex. The contractors have put in three of the largest improved rock-crushers at Wyandotte, L. T., and the work will be pushed rapidly. Big Four's New Station.

The Big Four will formally open its new station at Litchfield, Ill., on Thursday. It is a great improvement in every respect on the old building, and its many comforts and conveniences will be appreciated by the patrons of the line. Assistant Gen-eral Passenger Agents W. P. Deppe and C. L. Hilleary will be present on the oc-

casion.

E. T. Campbell's Appointment.

E. T. Campbell has been appointed purchasing agent of the Minneapolis and St. Louis. His headquarters will be at Minneapolis, and he will report to Vice President and General Manager L. F. Day. Mr. Campbell is well known here, having been chairman of the old Southwestern Freight Traffic Bureau. His friends will be gratified to hear of his appointment. Another Rending Dividend.

Another Reading Dividend.

Philadelphia, Aug. 6.—The directors of the Reading Railway Company, at a special meeting this afternoon, declared a dividend of 1½ per cent on the first preferred stock of the company, payable September 1. Last March a dividend of 1½ per cent was paid, and to-day's action means 3 per cent for the year—the first dividends since 1874. Rates to Northern Resorts. Kansas City, Mo., Aug. 5.—All Kansas City lines have decided to meet the Chicago and Alton Railroad's reduced rates to Northern summer resorts. On August 8 and 15 round-trip tickets between Kansas City and Chi-cago will be sold for \$14.50.

Personal and Current Notes.

-Vice President and General Manager Russell Harding of the Missouri Pacific has returned to headquarters from a trip over the line. He was accompanied part of the way by J. H. McClement and George A. Brewster, two New York gentlemen, who are interested in the crop outlook.

-When it was made known yesterday that Assistant General Passenger Agent Bowers of the Chicago and Alton had gone to Fulton, Mo, some of his fellow railroad friends began to crack jokes at his expense. He's all right.

-H. I. Newton, city passenger and ticket Personal and Current Notes.

all right.

-H. I. Newton, city passenger and ticket agent of the Big Four will return from a trip West to-day.

-C. E. Kimball, president of the Chicago, Peorla and St. Louis, was here yesterday and left, with General Manager Miliard, for Springfield, Ill.

Brinkheid, In.

Baron Max Naumann, city passenger and ticket agent of the Gulf, Colorado and Santa Fe, was here yesterday, Mrs. Naumann and the children were with him, and they left last night for Chicago. they left last night for Chicago.

-F. O. Becker, general agent of the St.
Louis Committee of Executive Officials, arrived here yesterday from Galveston, His
offices will be located on the seventh floor
of the Fullerton building.

-The Southwestern Freight Committee
will meet this morning at headquarters in
the Fullerton building to take action on export cotton rates for this year.

-H E. Watts en old St. Louis boy who port cotton rates for this year.

-H. E. Watts, an old St. Louis boy, who is now located at Moberly, Mo., as passenger and ticket agent of the Wabash, was at headquarters yesterday.

-General Passenger Agent L. W. Wakeley of the Burlington, who has been in Wisof the Burlington, who has been in Wis-consin for a month, returned to headquar-ters yesterday, looking as brown as a berry and cool as a morning zephyr from a Northern lake.

 -Vice President and General Manager Ramsey of the Wabash will leave to-night for the East. He will sail from New York August 15, on the Teutonic. He is one of the delegates to the International Railway Congress to be held in Paris. -The Northwestern line has just issued an official map of China, pocket size, to which are attached the latest indexed maps of the world. A lot of interesting descrip-tive matter relative to the present war in China is also given with the maps.
